TOTP Registration

TOTP for Secure API Access at Kotak Securities

Enhance your trading security with Time-Based One-Time Password (TOTP) authentication.

Register your mobile device to generate dynamic TOTP codes and safeguard access to Kotak Securities' Trade APIs. TOTP provides an additional security layer by generating unique codes every 30 seconds, making unauthorised API usage virtually impossible.

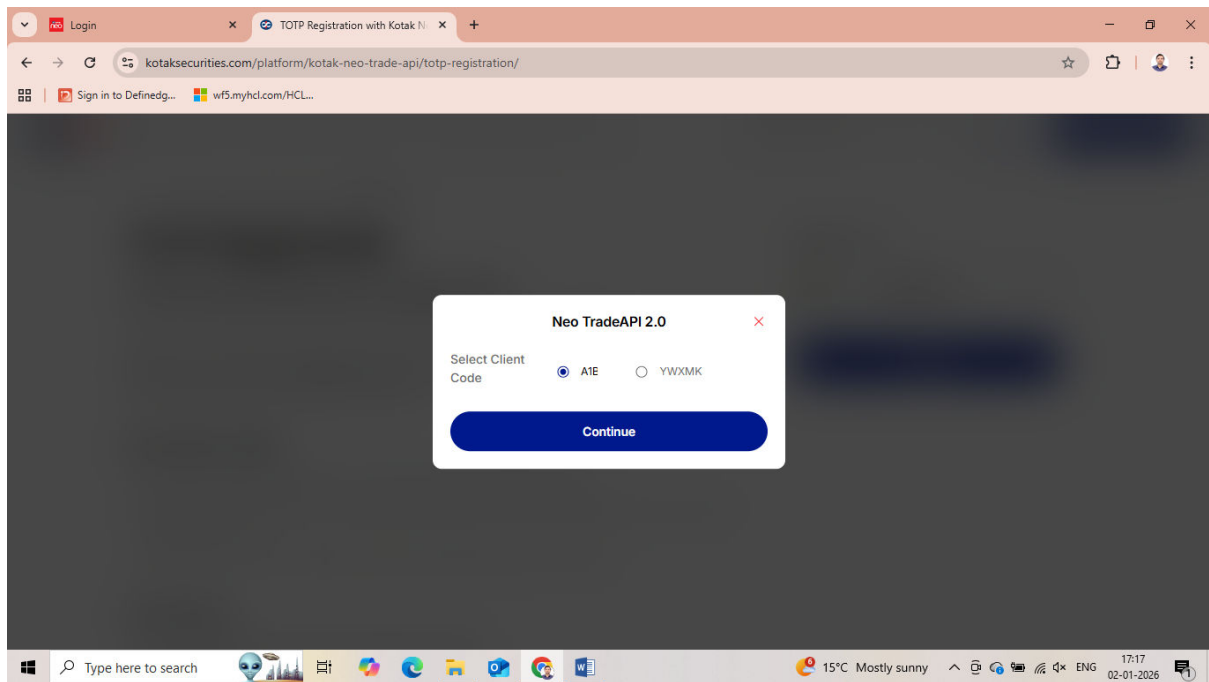

Why Enable TOTP?

- Protect your trading account and API keys with two-factor authentication (2FA).
- Easily link popular authenticator apps like Google Authenticator or Microsoft Authenticator to your Kotak Securities account.
- Required for secured and compliant programmatic trading through our Trade APIs.

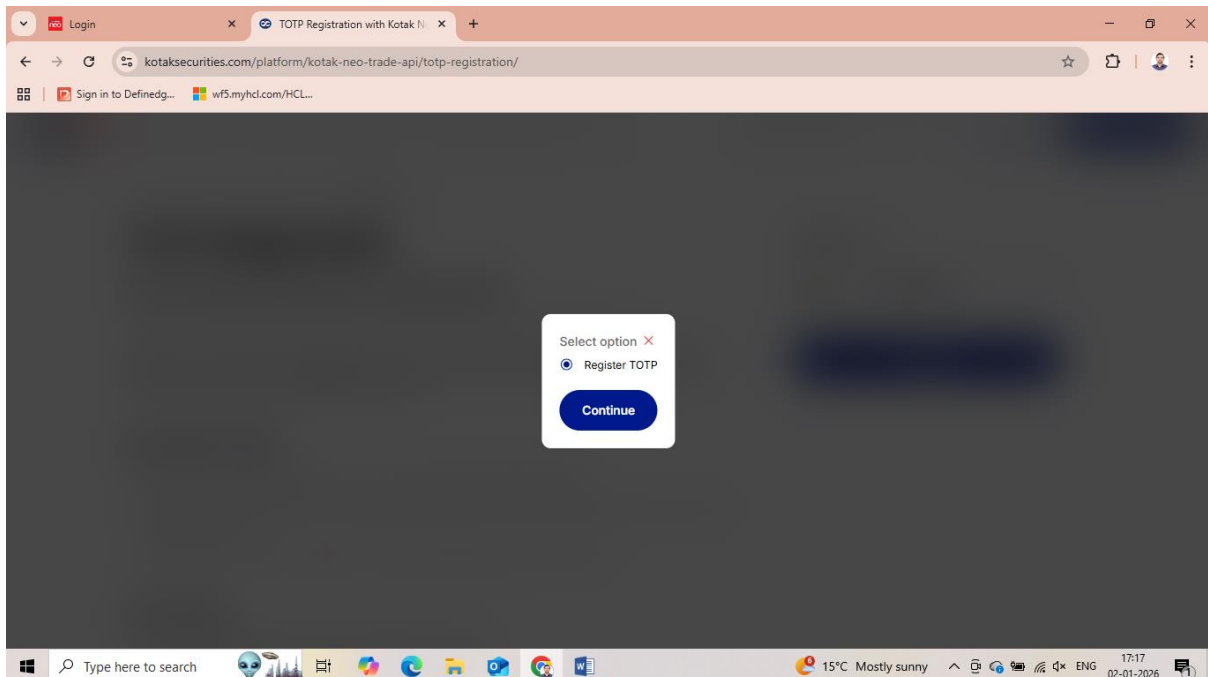

How it Works

1. Enter your registered mobile number and validate ownership.

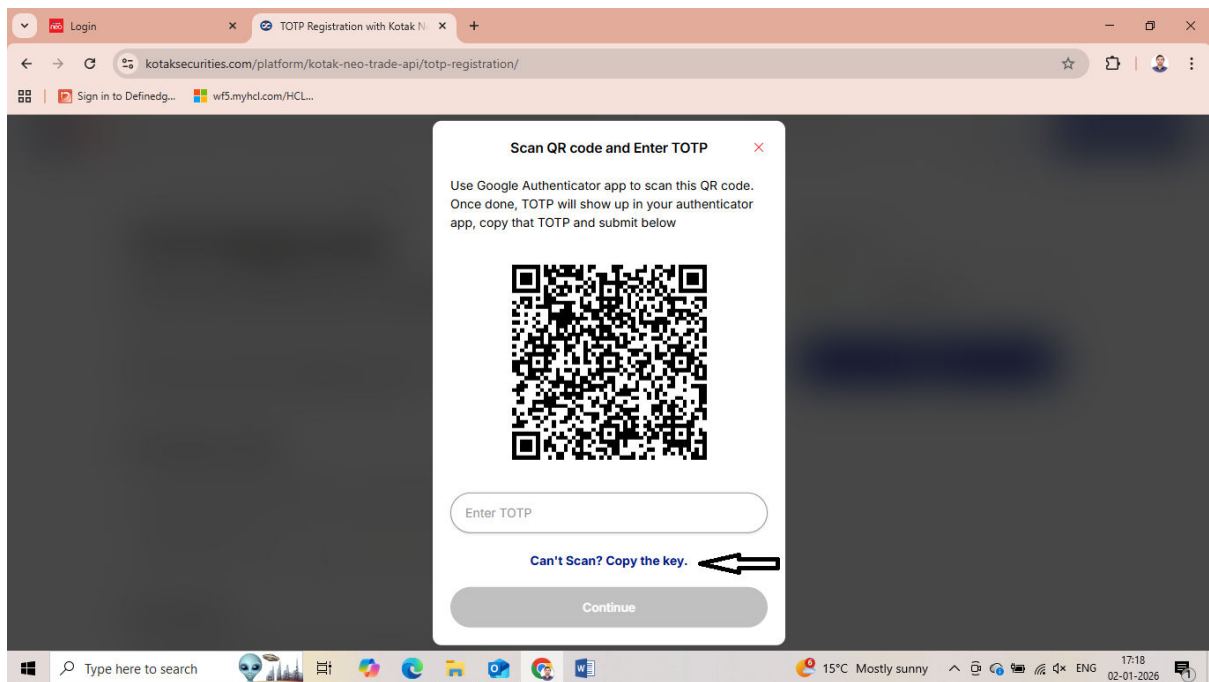

Step 6:- After Submitting Otp your Trade code will Appear, then click on Continue

Step 7:- Click on Register for TOTP

Step 8:- Copy The Key

Step 9:- Scan the QR with Google Authenticator and enter TOTP to complete the registration
